

# CAD Assignment 2

In the last Assignment you have created index.html and profile.html. So, now in this assignment you have create two html pages and style it using css.

## 1. Login and Register html page

**Task 1:** You need to run the html pages in server by using **Flask** web framework

**Task 2:** Store the user registration details in **IBM DB2**

**Task 3:** while user logging in do the **login validation** (checking the login credentials is correct or not).
